

# ABOUT US

**Shishu Sanskrutik Garba started its journey in the year 2000 For kids, With the Kids and By the kids... Organized by two sisters Sonia Shah & Avani Patel**, it had started with a small crowd of 2000 which has now reached to more than 50,000.

“When my children wanted to play garba earlier, there was no proper venue dedicated just for children where they could safely play Garba. Also most venues started Navratri after midnight which would go on till early morning, so again little children couldn't play garba there, said Sonia Shah, an organizer of Shishu Sanskrutik Garba.

“That is when we decided to launch a garba where only children are allowed to play freely. And since then, it has become one of the most popular garba venue in town.

Since then Shishu Sanskrutik Garba had even become a teenage attraction because parents were rest assured that their children would be able to enjoy their favourite festival with friends with utmost security and safety measures in place.

With the growing demand for space in our Garba, we have decided to reintroduce our Garba with a brand new venue which is bigger so that not only can everyone dance freely to their favourite songs but we will be able to provide ample space for parking facilities as well as variety of food stalls. It gives us immense pleasure to now invite everyone to play Garba at our venue where age is no bar, hence giving everyone of all ages an opportunity to enjoy their favourite Navratri.
